## 2 First-class quality

Unmatched precision, impressive value retention, and extreme durability. Our machines meet the absolute highest quality criteria. Failures due to wear? They will soon be a thing of the past.

## 3 Tailor-made machines

Whether it's an Altendorf sliding table saw or a Hebrock edge banding machine – we configure all of our machines so that they are perfectly tailored to your individual needs. We offer a range of equipment options that make this individualisation possible.

## 4 Fair financing and warranty conditions

We offer you advantageous financing options and flexible extended warranties lasting 1 to 5 years.

## 5 Trustworthy partnership

Our passion for the craft is great. We are fully committed to partnering with you for decades and supporting you on your way to success. We like to surprise you with innovative solutions. For us, standing still means going backwards.

# ALTENDORF GROUP

## Two great brands. One strong group.

The aim of the Altendorf Group has always been to be the best partner in the craft. And we do everything we can to achieve this goal. As a group of companies, we bring Altendorf sliding table saws and Hebrock edge banding machines together under one roof. We therefore offer two important processing areas for the panel processing craft.

We stay curious: By consistently responding to the wishes and requirements of our customers in our developments, we are actively helping to shape the future of the craft.

Quality, foresight and constant innovations make the Altendorf Group a trustworthy and competent partner for the craft – both now and in the future.

**We will help you – competently, directly, personally.**
